

**47th General Chapter**  
*Renewing our Mission-- Gratitude, Prophecy, Hope*  
Rome 26 October 2018

*Proposals and Messages*

Today the Capitulars devoted their time to the approval of proposals. They carefully studied each proposal and made clarifications, until they reached a consensus and subsequently, voted.

In the afternoon they drafted messages from the 47th General Chapter to the laity, to young people, and of course, to their fellow religious.

The capitulars desire to strengthen the Passionist Family. Therefore in the different messages they wrote about their experiences, the gifts they received, gratitude for working together in the same mission, and about the need to be creative in finding means for collaboration and for living the charism and mission.

The capitulars understand that together with women religious, the laity, and their fellow religious they can renew the [Passionist] mission with gratitude, prophecy and hope.
