

## FORMATION AND CATECHESIS CARDS WITH PASSION

# 00

The Committee on the Jubilee - on the occasion of the Third Centenary - wishes to give to the whole Family a sense of being a Passionist by using simple themes for reflection that serve as a learning tool for some and a tool for review-deeper appreciation for others, with the sole desire to join us in a COLLECTIVE VISION and IDENTITY, around the dream of God for St. Paul of the Cross and the dynamic that his commitment generated in the history of the Church and in the hearts of thousands of those in love with Jesus Crucified.

Beginning in May 2020 and until December 2021, we will send an email to you and to your community, one by one, month by month, with reflections that we will prepare for you. This may facilitate the organization of a meeting, retreat and / or catechesis in the community and / or in the group of the Passionist Family.

A series of topics have been prepared, for the development of themes, which in turn are divided into blocks by colors, i.e. **a game of cards with passion**. The plan is as follows: Each topic will consist of 2 pages. Thus, each theme will consist of a reference image and a slogan, and a reflection of around 5000 characters, presenting - in language easy for everyone to understand - the sense of our being Passionist. Each item will be accompanied by a biblical quotation and/or two questions for discussion.
